Program Summary

The principal mission of the Lawyers' Committee for Civil Rights Under Law is to secure equal justice for all through the rule of law, targeting in particular the inequities confronting African Americans and other racial and ethnic minorities. The Lawyers' Committee is a nonpartisan, nonprofit organization, formed in 1963 at the request of President John F. Kennedy to enlist the private bar's leadership and resources in combating racial discrimination and the resulting inequality of opportunity – work that continues to be vital today. The Lawyers' Committee for Civil Rights Under Law is dedicated to supporting and advancing diversity within its workforce and board. Because our commitment to diversity and inclusion is inextricably linked to our pursuit of equal justice for all, we strive to work with a broad and diverse coalition of partner organizations.
